STUFF PIZZA'S MICRO BREW BEERS

Stuff Pizza has contracted with one of the nations premier micro breweries to provide our private label beers. Firestone Walker Brewery, located on California's Central Coast has been awarded numerous gold medals and other top honors in virtually all the competitions - including the World Beer Cup, World Beer Championship, California State Fair & American Beer Festival. They have developed the patented Firestone Union oak barrel brewing system, inspired by the original 150 year old "Burton Union" process, and our beers are uniquely brewed in sixty gallon American oak barrels. We are quite proud of each one, and hope you enjoy them.

AMBER ALE: This medium-bodied brew boasts a rich malty flavor and ruby red color derived from the use of imported, kiln-roasted caramel malts. Its smooth malt middle is well complemented by a crisp yet subtle hop finish. Alc. 5.1%

INDIA PALE ALE: Our IPA is created from a base of Pale and Crystal malts and is aggressively hopped throughout the brewing process with a final hop addition in the conditioning vessel. A beautiful flowery hop aroma will greet you as you dive into this hop lover's dream. Alc. 6.7%

HONEY BLONDE ALE: Our lightest ale is no lightweight when it comes to flavor. The addition of California-produced Buckwheat honey lends a subtle sweet accent to this smooth, easy drinking ale. A great introduction to draft beers and perfect for those seeking a light beer that is low in bitterness. Alc. 4.4%
